

A Tyco Business

Peter,

I wanted to personally thank you for the amazing work that you did in developing our “Hero” statue this year. The sculpture perfectly captured the essence of our company’s focus, which is on supporting the brave men and women of the fire services.

The 3 foot Hero statue titled captures a heroic moment of a firefighter in action, emerging safely from the flames, outfitted with Scott Safety equipment. Further, it did a great job weaving in the American Flag and Bald Eagle, representing Scott Safety’s “Made in the USA” commitment on all of our Air-Pak SCBA.

As you know, we have placed this in a prominent position in the front lobby of our main offices in Monroe, NC, and it was a highlight of our recent “Choice of the Brave” week, which celebrated our brand and our commitment to our customers. Since that time, it has been recognized by employees and customers alike and is a great reminder to all of our employees of the work we do.

You were a terrific partner along the way, and I couldn’t be more pleased with the results of our effort together.

Thank you,

A handwritten signature in black ink, appearing to read 'Jeff Emery', with a long, sweeping flourish at the end.

Jeff Emery
